

melody_base_t

```
graph BT; melody_t["melody_t< S >"] --> melody_base_t["melody_base_t"]
```

The diagram illustrates a base class relationship. At the top is a white rectangular box with a black border containing the text 'melody_base_t'. Below it is a gray rectangular box with a black border containing the text 'melody_t< S >'. A solid blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that 'melody_t< S >' inherits from or is a specialization of 'melody_base_t'.

melody_t< S >
