

State::initialise

```
graph LR; A[State::initialise] --> B[SystemStatus::new_message]; B --> C[LogController::log];
```

A flowchart illustrating a sequence of three operations. The first operation, 'State::initialise', is contained within a grey rectangular box. A dark blue arrow points from this box to the second operation, 'SystemStatus::new\_message', which is in a white rectangular box. Another dark blue arrow points from the second box to the third operation, 'LogController::log', also in a white rectangular box. All boxes have a black border and are arranged horizontally.

SystemStatus::new\_message

LogController::log
